Re: JDL Surface Innovations

Dear: Sir or Madam,

Please accept this letter of recommendation from Anchor in regards to JDL Surface Innovations.

As a contractor in the state of Florida we have utilized JDL on many projects throughout the state over the last few years. They have been our flooring contractor of choice on all of our Save A Lot Food Store projects that have this type of flooring requirements.

Most recently JDL completed a Statewide Save A Lot meat complex renovation with us. They were there when they said they would be, did excellent work, cleaned up after themselves and maintained a professional manner throughout the entire project.

We highly recommend them to anyone seeking an honest and dependable flooring contractor. If you have any question or need any further information about JDL please do not hesitate to contact our office and speak to either myself or to Joe Piccolo our Construction Department Head.

Sincerely,

A handwritten signature in cursive script that reads "Joyce Culbertson".
