

JDL Surface Innovations  
922 SE 14<sup>th</sup> Place  
Cape Coral, FL 33990

April 28, 2014

To Whom It May Concern:

S. David & Co., Inc. has worked with Thomas DeTardo, our JDL project manager, for many years. Thomas has been instrumental in evaluating specified floor systems and avoiding systems that could be warranty nightmare. Our projects include many sectors of construction including: local government, federal, military, education and civilian entities

JDL Surface Innovations has proven to be an extremely professional partner when navigating the complexities of government contracts. Whether we need background checks or certified payroll, JDL has performed at a level that dictates we continue to use them for all our flooring needs.

I sincerely recommend them to anyone seeking a seasoned, dependable and fiscally responsible contractor. If I can ever provide a direct reference, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, consisting of a stylized 'D' followed by a horizontal line that tapers to the right.
