Re: Letter of Recommendation: JDL Surface Innovations, Inc.

To Whom It May Concern,

We are pleased to write this letter of recommendation on behalf of JDL Surface Innovations, Inc. JDL has worked with us on several projects and recently completed the Bokamper's Sports Bar & Grill in Estero, Florida. The epoxy flooring work they performed on this project has received numerous compliments from both the patrons and owners of the business.

Their hands on involvement reassured us that our project would be given top priority. They were able to meet a very aggressive schedule and continued to deliver top quality work.

I would highly recommend JDL Surface Innovations, Inc. for consideration on any project. Their experience and skills would be a certain asset to any project they undertake.

Sincerely,

Barney Lombardi  
President  
LM Development Group, Inc.
