JDL Surface Innovations
Roberta Sloat
922 SE 14th PL
Cape Coral, FL 33990

Dear Roberta,

I would like to take this opportunity to express my gratitude for JDL Surface Innovations outstanding performance on the First Coast Oncology project. The quality of JDL's work was excellent.

JDL's total team effort ensured that all of our needs were not only met, but exceeded. They were attentive to all of our needs, including ensuring that our operations proceeded uninterrupted, and all contracted requirements and deadlines were met.

The JDL team's exceptional professionalism and commitment to the project were instrumental in successfully completing this project on time and within a tight budget. It was especially a pleasure working with Thomas DeTardo. He went above and beyond our expectations.

It is without any reservations that I recommend JDL Surface Innovations to all who have the opportunity to work with them on any type of new or renovation construction flooring project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kyle W. Harvey".
