To Whom It May Concern:

Service Painting Corporation has been doing large scale parking garage projects with JDL Surface Innovations as our surface preparation subcontractor for the past five plus years.

In this business of performing remedial repairs, structural and deck systems to occupied parking garages, maintaining committed schedules, manpower needs, equipment needs and the highest level of quality work is paramount to the project. JDL excels in all of these areas and it is evident by the outstanding "Can Do Attitude" of all of their staff.

We will continue to perform our projects with JDL as our top surface preparation contractor and would highly recommend them as one of the most reliable high quality companies in our industry.

I would be very happy to further discuss their abilities and completed projects with any interested companies seeking a validate reference.

Sincerely,

A handwritten signature in black ink that reads "Paul Weigel". The signature is fluid and cursive, with the first name being more prominent.

Paul Weigel
President
